

The CFA Society of San Diego proudly presents its

Annual Newsletter

Education Report

Pushkar V. Murthy, CFA

The Society was engaged in a number of education-related activities during the fiscal year.

Continuing Education

The Society has partnered with San Diego-based firm, **KESDEE** - a provider of financial education e-learning solutions - in order to offer its members opportunities to gain CFA Institute-approved continuing education credits. The material spans the vast spectrum of topics that are incorporated in the CFA Institute's Global Body of Investment Knowledge. Please take advantage of this opportunity by visiting <http://www.cfassd.org/Pages/ContinuingEducation.aspx>

CFA Exam Scholarships

We awarded 10 CFASSD Scholarships for the December 2010 and June 2011 CFA exams out of over 30 applications. These scholarships result in waiver of the program enrollment fee as well as reduced exam registration fees.

Candidate Reception

We organized an event last September that was attended by over 40 candidates. The candidates had an opportunity to meet with and receive exam tips and information from the following Exam Prep Materials Providers - Kaplan Schweser, **KESDEE**, as well as CFALA / USC. The dinner event was held at Marina Village Conference Center.
