COUNTY OF SAN DIEGO

Dear WTC International Business Leadership Awards Attendee:

Thank you for joining the World Trade Center San Diego (WTC) to celebrate the outstanding achievements of regional companies recognized for excellence in international trade.

Carly Fiorina's timely keynote address, "Keeping America's Businesses Competitive in a Global Economy," underscores the importance of coupling the most capable workforce with maximum resources to be truly competitive.

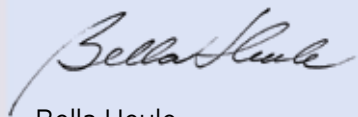

As your company strives to be more competitive, allow us to support you in optimizing your resources and reducing opportunity costs by leveraging our in-house expertise and world-wide connections. Your WTC is committed to serving San Diego's growing and diverse businesses through advocacy, connections, communications, and information.

Global economic recovery and expansion will come from more international trade, not less.

We are deeply appreciative of companies such as yours and all our WTC partners, members, and dedicated board of directors for your inspiration and continued support.

Enjoy this evening of celebration!

Sincerely,

Bella Heule
President/CEO

"Keeping America's Businesses Competitive in a Global Economy"

Throughout history global political power has been based on economic might. Countries with the most capable workforce and resources dominate. As the global economy undergoes major shifts, it will take innovative policies to ensure U.S. businesses remain competitive.
