## ***Federal Reserve Board engages KESDEE Inc. to develop and deploy an e-learning portal on Risk Management***

**URL: <http://www.pr.com/press-release/107658>**

The Board of Governors of the US Federal Reserve System has selected KESDEE for developing a customized Knowledge Portal for Risk Management training. This Risk Management training program is geared to train examiners to identify, measure, monitor & control risks that arise as a consequence of a banking organization's activities. This program is intended to develop a pool of examiners with sufficient capital markets knowledge to lead effective corporate-level & business line specific reviews.

San Diego, CA, September 27, 2008 --([PR.com](http://www.pr.com))-- KESDEE Inc., a leading provider of e-learning solutions in Banking and Finance, developed a customized e-Learning Portal for Risk Management training to the Federal Reserve Board.

The e-Learning courses include prepared modules, actual case studies, exercises, selected readings and quizzes.

KESDEE's e-Learning courses are deployed after four months of piloting at Federal Reserve Board, New York.

These e-Learning courses are used by the entire Federal Reserve System consisting of Federal Reserve Board and the twelve Federal Reserve Banks.

The risk management portal will have access to all KESDEE's risk related courses and certification tutorials. In addition to customizing existing 600 courses, KESDEE developed eight new courses on Risk Management. KESDEE also undertook competency mapping as a part of this project.

KESDEE has prior relationship with Federal Reserve Board by conducting instructor led training programs on all aspects of Risk Management for 5 years

KESDEE's president Swarna Srinivas said, " We at KESDEE feel honored by this important project from Federal Reserve Board."
